We will be accepting donations for our philanthropic project, either Pack with Pride or gifts for children in foster care. A complete program description is below:

PACK WITH PRIDE PROJECT 2009 - The *Pack with Pride* project has provided thousands of duffel bags to DYFS caseworkers, who remove children from their homes due to abuse or neglect, on very short notice -- usually with no time to buy or borrow luggage. Consequently these children often move their belongings in a plastic garbage bag. The goal of Pack with Pride is to give these children more dignity during a very difficult situation, by simply providing a more suitable and attractive storage bag in which to transport items from home that are precious to them. For more information and/or to make an online donation to *Pack with Pride* using a credit or debit card click here <http://www.casaofnj.org/page16943.aspx>.

Gifts for Foster Youth - We will be supporting Union County again this year. They have the biggest need for children 12 or older. They have asked us to provide unwrapped gifts or gift cards. Gift card suggestions included Wal-Mart, Target, etc. We will be accepting monetary donations as well AND will do the shopping for you.
